CFSAI/ Trade Advisory/52/2023-24

1st January 2024

CFSAI Trade Advisory

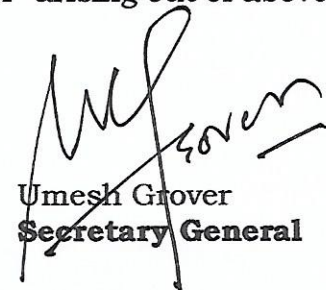

This is to inform all the concerned Stakeholders of JNPA EXIM containerized trade that movement of EXIM Containers from & to the Terminals were partly impacted since 31st December 2023 and have come to **a complete standstill from 1st January 2024** due to an agitation & protest "Chakka Jam" launched by the TT Drivers.

The reasons as stated by Transporters for stoppage of work are the concern for "Drivers Own Safety" allegedly based on social media coverage involving some accident & also against some new regulations which, going forward, allegedly proposes severe penal action against drivers.

Whilst the Administrative authorities & Uran police have issued clarifications and appealed to the TT Drivers through social media not to rely on rumours, the agitation continues. We are consistently monitoring the situation and will keep the stakeholders informed.

Vide this Trade Advisory on behalf of our member CFSs, it is hereby informed that this agitation is beyond the control of our Member CFSs and as such they will not be responsible for any delays whatsoever arising out of above.
